PROFESSIONAL SUMMARY

Software developer with a strong foundation in Java, Python, SQL, object-oriented programming, data structures, and database management. Experienced in developing backend and web applications using Java, Spring Boot, Python, Flask, MySQL, HTML, CSS, and JavaScript, with problem-solving skills focused on reliable software.

TECHNICAL SKILLS

- **Programming:** Java, Python, SQL
- **Core Java:** OOP, Collections, Exception Handling, Multithreading
- **Backend Development:** Spring Boot, REST APIs
- **Web Development:** HTML, CSS, JavaScript
- **Databases:** MySQL
- **Tools & Technologies:** Git, GitHub, Maven, MS Office
- **Core Skills:** Communication, Problem Solving, Quick Learning

PROJECTS

Real-Time Chat Application

- Built a real-time chat application using Java and Spring Boot with WebSocket-based communication.
- Implemented secure user authentication, one-to-one messaging, group chats, online/offline status, and persistent chat history
- Integrated MySQL using Spring Data JPA for persistent storage of users and messages.

Technologies: Java, Spring Boot, WebSocket, MySQL, JPA, HTML, CSS, JavaScript

AI-Based Startup Incubation Management System

- Implemented a web-based platform to manage startup applications, incubation activities, and records.
- Implemented database operations and structured workflows for efficient data management.
- Performed functional testing and validated application workflows to identify and resolve issues.

Technologies: Python, Flask, MySQL, HTML, CSS, JavaScript

EDUCATION

Madanapalle Institute of Technology & Science (MITS), Madanapalle	2024 – 2026
Master of Computer Applications (MCA), CGPA: 8.43	

Sri Srinivasa Degree College, Madanapalle	2021 – 2024
Bachelor of Science (Computer Science), CGPA: 8.7	

CERTIFICATIONS

- Management Information System – NPTEL
- The Joy of Computing Using Python – NPTEL (Elite)
- Acquiring Data (Level 1 – AI Fundamentals of AIASCEND) – Accenture, FutureSkills Prime (*Course Completed*)

RESEARCH PUBLICATION

"The Sovereign Edge: Architecting the Next Decade of Agentic Intelligence for India's MSME Ecosystem" — International Journal of Creative Research Thoughts (IJCRT), 2026. **Paper ID:** IJCRT2604436
